

Hiring Announcement

Job Title: Financial Analyst
Job Location: Saint Augustine, FL
Salary: Commensurate with experience

Job Summary:

The Financial Analyst reports to the Chief Financial Officer and collaborates with other members of the development team and senior management to support financing activities associated with the development, construction, and acquisition of power generation and transmission projects by the Company. The analyst is responsible for creating and maintaining various project level pro-formas and other financial models, analyzing financial materials, supporting the CFO in all activities associated with the Company's debt and equity financing activities and performing all related analytical analysis.

Required Skills/Abilities:

- Excellent verbal and written communication skills.
- Proficient use of all Microsoft Office Suite programs; especially Excel.
- Excellent organizational skills and attention to detail.
- Ability to work independently and manage multiple tasks and projects.
- Ability to take direction, identify problems, develop solutions, and conduct analysis independently. Excellent financial modeling skills and strong quantitative abilities.
- Ability to work under the guidance of senior management.
- Professional presence and ability to communicate effectively to senior executives.

Education and Experience:

- Bachelor's Degree required.
- Master's Degree in Business Administration or Finance preferred.
- Minimum 3 years' experience in project finance.
- Power sector or other infrastructure project finance experience preferred.
- Experience building financial projection and pro-forma models.
- Renewables or other energy experience.

Travel: As required, approximately 25% of time

Type of Position: Full time, exempt
